## Q1. Professional Development Narratives – North Central Region

Subject Area #3: Extension Orientation, Onboarding, and Mentorship

Providing resources that enable Extension Professionals to become acquainted with their profession and their colleagues helps new staff members to succeed in their roles, while enhancing their job performance and job satisfaction. As a result, longer retention within Extension is expected. In this section of the Professional Development Inventory, we are sharing resources that can be used for Orientation of new professionals; providing them with a series of Onboarding experiences; and equipping professional Mentors with resources to help the new staff members succeed in their orientation and onboarding.
